ACKNOWLEDGEMENTS

I acknowledge and appreciate the support and assistance my family gave me during the course of this study, especially my wife Anne. I also want to pay tribute to my late mother, Hilda Makhura who motivated me to keep going even when the going got quite tough. *May her soul rest in peace?* The guidance and help of my supervisor, Dr.L.E Matsaung is also valued and appreciated. Lastly, I wish to recognize the value of the sources that I used as references with due acknowledgements and thank the authors thereof for the contribution made by their indeed useful work to this one of mine.
